

# **Welcome Back Students!**

**We are glad "YOU" are here! So, we are grilling just for "YOU!"**

**A Collaborative Event for "OUR" Students  
held on Monday, August 28, 2017,  
12:00 noon until 2:00 p.m.**

Bluefield State College

**CONCORD  
UNIVERSITY**

With a steady and continuous flow of student traffic, it was clear that the "Welcome Back Students!" event was received with much gratitude and appreciation far beyond the two o'clock hour! Alongside the many thanks that were continuously flowing, the following are a few of the comments expressed by some of the students:

*This is great! We get emails all of the time about the events that are happening at the main campus, but we don't attend the main campus. The Erma Byrd Center is our campus. ~Jodi Griffith, Nursing Student, Bluefield State College*

*I live an hour away and I have class at 9:30 a.m. in the morning. And, I don't always have time to pack a lunch. Things like this really helps me out! ~Brittany Sammons, Nursing Student, Bluefield State College*

*I think that events like this shows that the staff really appreciate and cares about the students. I know that there are a lot of activities at the main campus, but I don't get to go to the Athens campus so I don't get to experience those things. Today's event makes me feel like I am actually at college! ~Madilyn Bodkin, Athletic Training Student, Concord University*

*This is nice! It beats us having to go out and pay for food all of the time. It helps with the finances! ~Aaron Harless, Physical Therapy Student, New River Community and Technical College*
